

AssetWhere™ PDF Fact Sheet

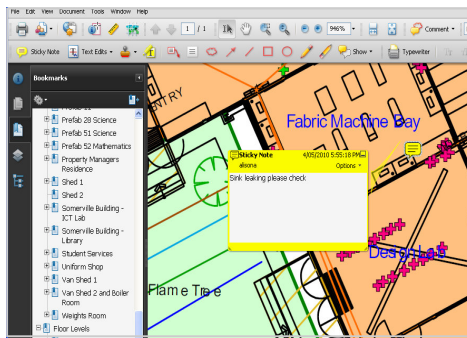

AssetWhere PDF—Reasons why it makes sense!

- An **inexpensive** investment to give **external** contractors and consultants access to all of your property data in an easily accessed format
- Enables contractors to **view data without accessing the schools system**, including other services in proximity to the services they are working on. No more lost plans!
- Makes it possible for external contractors to provide **mark ups and notes** of changes to services they have made and send back to the school for inclusion in AssetWhere
- Effortless to use the **simple layer functions** and bookmarks of buildings or services to quickly find the location with
- Can be sent to an **unlimited number of external contractors** with no additional cost
- **Portable** and runs on any Windows PC or laptop
- **No software licences** required by the School or its contractors
- Runs on standard Adobe Acrobat (**free to download**)

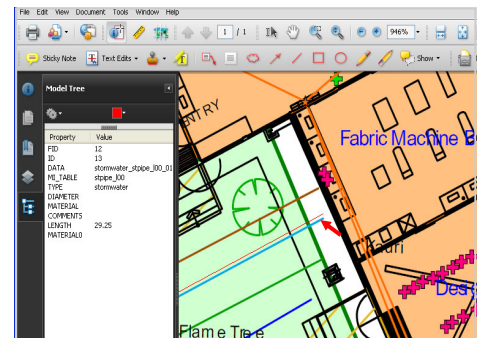

AssetWhere™ PDF only \$2,500 ex GST* until 30th June 2010
