

Experience the Power of Location Intelligence

OMNILINK, in partnership with MicroStrategy and Visual Crossing, invites you to attend a seminar to experience the power that location can add to your existing MicroStrategy business intelligence investment.

OMNILINK is the appointed Australasian distributor for Visual Crossing and a consulting partner for MicroStrategy. Visual Crossing is seamlessly integrated with MicroStrategy and takes full advantage of existing reports, data hierarchies and dashboards to provide a visual view of your business intelligence data.

Register today and come along and hear from Scott McDermott, a leading consultant from Visual Crossing.

Sydney, Friday May 21, 2010:

MicroStrategy
